Everyone knows the Red Cross helps people during emergencies. But you may not know that it's also part of our mission to help you help yourself! Becoming "Red Cross Ready" for an emergency means following our simple steps in advance to ensure you can weather a crisis safely & comfortably. Being prepared may not prevent a disaster, but it will give you confidence to meet the challenge.

Did you know that if a fire starts in your home you may have as little as two minutes to escape? During a fire, early warning from a working smoke alarm plus a fire escape plan that has been practiced regularly can save lives. Learn what else to do to keep your loved ones safe!
